Silas Wall Light

By Visual Comfort Studio

Description

Silas Wall Light by Sean Lavin features clean lines and precise detailing that define its minimalist character. Clear acrylic cylindrical diffusers pair with integrated LED light sources to create a crisp, modern effect. Each diffuser sits against a streamlined frame to emphasize balance and proportion without excess. With its elongated profile, the sconce is ideal for living rooms, dining rooms, larger bathrooms, and walk-in closets. The Silas Collection brings refinement to all contemporary interiors, offering lighting that is both sculptural and functional.

Shown in midnight black / clear
