Solene Ceiling Light

By Visual Comfort Studio

Description

The Solene Ceiling Light by Christiane Lemieux brings the collection's tiered geometry to a form suited for lower ceilings or intimate rooms. Its domed silhouette, crafted in aged iron or warm gild, diffuses light in a soft, layered glow, while the hand-finished interior reflects warmth with subtle elegance. This flush mount is perfect for bedrooms, hallways, or smaller dining spaces, where its sculptural presence introduces quiet sophistication without overwhelming the architecture. Designed to complement natural materials, Solene transforms functional light into a ceremonial gesture of proportion and restraint.
