Mineral Color-Select Chandelier

By Alora

Description

Inspired by salt crystals, the Mineral Color-Select Chandelier celebrates the elemental beauty of repeating geometric shapes. Sculptural forms in triangles, ovals, and squares are framed by patina brass or urban bronze, and made from either natural alabaster stone and uniquely molded mineral glass. When illuminated, the shapes diffuse light with a soft, textural glow, with LED color select options of 2700K, 3000K, 3500K, 4000K, and 5000K.
