Archipen Coffee Table

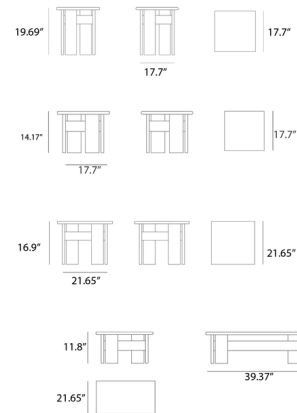

By Noom Home

Description

The Archipen Coffee Table continues the sculptural design of the Archipen Collection, blending architectural rhythm with refined minimalist geometry. Its legs are intentionally simple and understated, yet their sculptural expression is created by the way the vertical and horizontal planes intersect, resulting in a balanced and airy composition with a distinctly architectural presence. Used individually or combined with the other Archipen Coffee Tables, it becomes part of a modular sculptural group that brings a harmonious rhythm of volumes into the interior.

Shown in black stained ash
