Skyray Edgelux Tunable White 2X4 Window

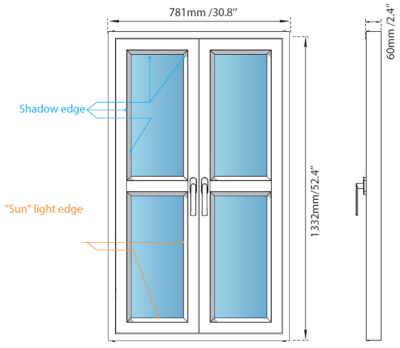

By cBright Lighting

Description

The Skyray Edgelux virtual window is a fully integrated unit that transforms gloomy, windowless spaces into brighter, more inviting environments. Powered by Rayleigh-scattering technology, the Skyray Edgelux Window recreates the infinite depth of a blue sky and the brilliance of natural sunlight, going beyond illumination to enhance well-being and transform interior spaces. Equipped with functional handles, the Edgelux window opens easily for convenient maintenance.The Edgelux Window can be paired with a dedicated remote controller or a Bluetooth-enabled mobile app offering maximum flexibility and intuitive control for personalized lighting environments.Key Features:Tunable White (2100K-7500K) color temperature. Seamlessly mimics the natural progression of sunlight throughout the day.Four Preset Scenes: Effortlessly switch between Dawn, Noon, Dusk, and Night modes.Circadium Rhythm Mode: Automatically adjusts light color and intensity to support natural daily rhythms. Skyray is more than illumination -- it's a controlled architectural expression of daylight designed to enhance focus, well being, and spatial experience.
