Highwire Quintet Chandelier

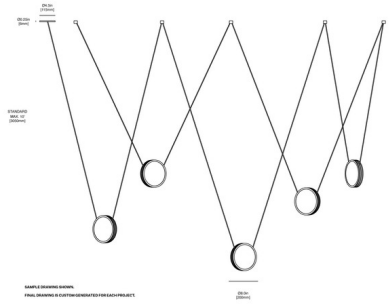

By Anony

Description

The dynamic Highwire Quintet Chandelier defines gravity with its sleek balancing act. By weighting the cables with the round light, the cables trace bespoke shapes through the air, letting the fixture frame any space. These lines are accentuated by the soft glow of light from both sides of each disc, which illuminates the surrounding area and also the fixture itself.

Shown in brushed aluminum / brushed nickel canopy

Specifications

COLOR	Brushed Nickel Canopy
