Zeppo Reader Wall Sconce By Astro Lighting

Description

The Zeppo Reader Wall Sconce is the perfect complement to a bedside wall in residential or hospitality spaces. The flattened orb glass shade provides a diffused, ambient glow, while the LED spotlight can be angled from side-to-side for focused task lighting. A pair of on/off switches on the backplate allows each lamp to be controlled independently. Note: This fixture requires a 3 x 2 inch switch junction box or 4 x 2 inch handy box. Requires one G9 base bulb for the main lamp.
