Borgo 35 Trimless Recessed Step / Marker Light By Astro Lighting

Description

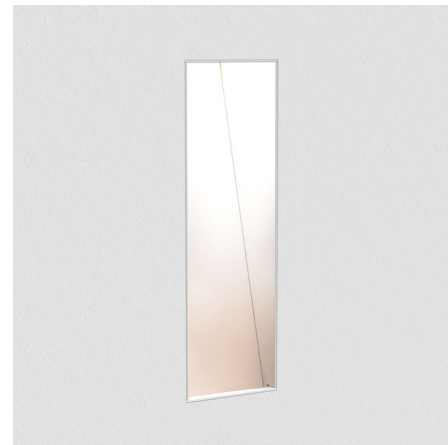

The Borgo 35 Trimless Recessed Step/Marker Light is a slim vertical light designed to be recessed within drywall for a seamless, minimalist look. Its low profile and downward directed light make it perfect for lighting stairways and hallways. NOTE: This fixture requires a 700mA Constant Current driver, sold separately, which must be installed before the plastering in the fixture. It is recommended using Astro Lighting's US website Driver Calculator Tool for determining recommended driver based on number of fixtures. Dimmer type dependent on driver selected.

Specifications
