## Fuse Plug-In Headboard Recessed Reading Light By Astro Lighting

### Description

The Fuse Plug-In Headboard Recessed Reading Light is a sleek reading light with a refined, modern aesthetic. Fuse is designed to be recessed into the headboard of a bed and plugged into a three-prong outlet via the power cord from the back of the fixture. The cylindrical lamp head tilts 90 degrees and rotates 330 degrees to aim its light precisely where it is needed. A concealed micro switch turns the light off when it is pushed back to its central resting place against the wall.
