Lucci Air Cessna Ceiling Fan with Color-Select Light By Beacon Lighting

Description

The Lucci Air Cessna DC Color-Select Ceiling Fan combines contemporary design with advanced functionality, making it a great addition to any room. With its refined finish and carefully crafted blades, this fan enhances a variety of interior styles, bringing both elegance and warmth to the space. The integrated LED light provides soft, energy-efficient illumination, while the cutting-edge DC motor technology ensures quieter operation and improved energy efficiency compared to traditional AC fans. Suitable for both small and large rooms, this fan also includes a remote control for easy adjustments to speed and lighting, offering ultimate convenience and comfort. Features color-select technology which allows user to select between 3000K, 4000K and 5000K color temperature options.

Shown in white / white
