Lucca Air Handheld Remote Control for Cessna Fan By Beacon Lighting

Description

The Lucci Air Handheld Remote Control for Cessna Ceiling Fan provides convenient wireless control for compatible Cessna ceiling fans, allowing you to adjust your comfort settings with ease. The remote enables you to turn the fan on or off, select between different speed levels, and switch the fan's direction for seasonal use. It also includes practical lighting controls, letting you turn the light on or off, adjust brightness levels, and change the light colour mode. A built-in timer function allows you to set the fan to turn off automatically, while the memory feature remembers the last used settings for added convenience. With a simple, user-friendly layout, this handheld remote makes everyday operation of your ceiling fan quick and effortless.
