Bee My Honey Chandelier

By Currey & Company

Description

The Bee My Honey Chandelier turns a playful sculpture into a dazzling light fixture. Formed of wrought iron in an antique brass finish, the discs are delicately stacked into a beehive shape and decorated with tiny bees. The metal form is handmade by pouring a composite into a mold and intricately pierced using a nail-shaped piece of metal. The textural stippling creates the feeling of a nature made hive.

Shown in antique brass

Specifications
