Carta Wall Sconce

By CVL Luminaires

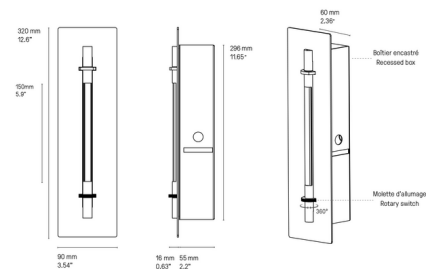

Description

The Carta Wall Sconce is a minimalist, functional fixture with a timeless aesthetic. The luminous tube in the center of the sconce rotates 360 degrees to aim its light beam for reading or other tasks. Rotating the lamp back towards the wall switches the lamp off. Note: The Carta Wall Sconce does not mount to a standard octagonal junction box. It includes a junction box that recesses within the wall and requires a 2.36 inch W x 11.65 inch H x 2.2 inch D cutout in the wall.

Shown in bronze
