Naboo 2 Reading Wall Sconce

By CVL Luminaires

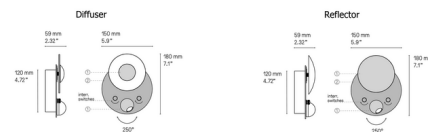

Description

The Naboo 2 Reading Wall Sconce offers a clean-lined geometric aesthetic that will provide diffused lighting perfect for bedrooms and relaxation areas. The circular shade is available as either a metal reflector, which directs light back towards the wall for a soft indirect effect, or as an opal polycarbonate diffuser to gently direct light in all directions. A reading light on the backplate rotates 250 degree to aim additional lighting. Independent on/off switches for the main lamp and reading lamp are located on the backplate.

Shown in satin brass
