Gaultier Table Lamp

By Eichholtz

Description

Named for the famous French designer, the Gaultier Table Lamp is brimming with modern, eye-catching style. The geometric body is handcrafted from straw marquetry, using centuries-old techniques and simple hand tools. Each section of straw is carefully prepared, polished, and laid out, producing a naturally radiant, seamless surface. Elegant and quietly luxurious, this lamp looks stunning in a bedroom, living room, or entryway. On/off switch located on lamp socket.
