## Iris Hub & Spoke Ceiling Light By Hammerton Studio

### Description

The Iris Hub & Spoke Ceiling Light adds a refined, handcrafted elegance to your interior space. Each circular frame features a customizable band, allowing you to tailor the look to your personal space. A recycled glass diffuser adds depth and texture while casting soft, shimmering patterns of light throughout your room. *Note: Dimmable with Triac (standard) or Low Voltage Electronic Dimmers, sold separately. Choose a Finish for the canopy, arms and frame and a Color for the inner band. Due to the weight of the 46 inch fixture, additional ceiling support is required.*
