## Happy Kiss FreeJack Pendant - Overstock

By Siemon & Salazar

### Description

The Happy lights take advantage of the thickness and brilliance of our crystal to create a light with unending refractions. Each one is hand manipulated to create a creased and singularly individual form. The works are blown in solid clear crystal or use the Italian technique of sommerso or encased color. Hand blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. Made in California and signed by Caleb and Carmen. Each piece is handmade; dimensions and color may vary slightly. Note: Canopy is required, and sold separately below. FJ connector and 6 feet of cable are included.

Shown in satin nickel / opaline
