Arbor Wall Sconce

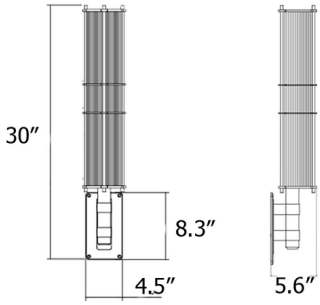

By Bert Frank

Description

Inspired by the grandeur of Art Deco design, the Arbor Wall Sconce features an eye-catching linear form that will add a sophisticated accent to any space. Vertical acrylic rods run along the sides of the sconce to obscure the light source and create a warm, intimate glow. Whether installed on its own or in a pair flanking a doorway or bed, Arbor will make an eye-catching statement.

Shown in brushed brass / satin black
