Comareira Color-Select Multi Light Pendant By Eglo

Description

The Comareira Color-Select Multi Light Pendant is a radiant composition of light and crystal. Suspended from a round black chrome canopy, slender cables support 43 individual lights, each adorned with faceted clear crystal forms that refract and scatter light with brilliant clarity. The layered elements create movement and sparkle, casting subtle prismatic reflections throughout the space. Each semi-circular crystal accent can be individually rotated and adjusted, allowing you to customize the overall look and light play. With adjustable hanging height and integrated 3CCT LED technology (3000K, 4000K, 5000K), Comareira offers tailored illumination and striking visual impact for grand entryways, dining areas, or open living spaces.
