Comareira Cascading Color-Select Pendant

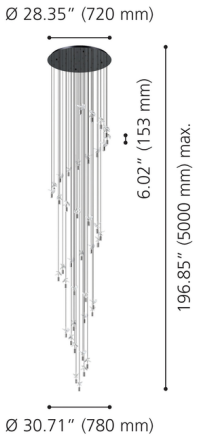

By Eglo

Description

The Comareira Cascading Color-Select Pendant is a radiant spiral of light and crystal. Suspended from a round black chrome canopy, 40 individual lights descend in a dramatic cascading formation, creating a graceful sense of movement. Each faceted clear crystal form refracts and scatters light with brilliant clarity, producing subtle prismatic reflections as the composition flows downward. The semi-circular crystal accents can be individually rotated and adjusted, allowing you to shape the visual rhythm and light play. With adjustable hanging height and integrated 3CCT LED technology (3000K, 4000K, 5000K), this spiral installation delivers customizable illumination and striking presence for staircases, grand entryways, or open vertical spaces.

Shown in black chrome / clear

Specifications

COLOR	Clear
