Fruitera Color-Select Pendant By Eglo

Description

The Fruitera Color-Select Pendant is a refined accent that pairs a black and brushed gold finish with a rich gold smoked glass shade. When off, the glass appears smooth and mirror-like, offering a warm metallic depth. Once illuminated, a concealed internal acrylic diffuser softly emerges from within, revealing a luminous inner core that transforms the look entirely. The layered effect creates dimension and subtle contrast between reflective glass and diffused light. With adjustable hanging height and integrated 3CCT LED technology (3000K, 4000K, 5000K), you can easily customize both its vertical presence and the warmth of its glow to perfectly suit your space.

Specifications
