Portillo Outdoor Dual Wall Light By Eglo

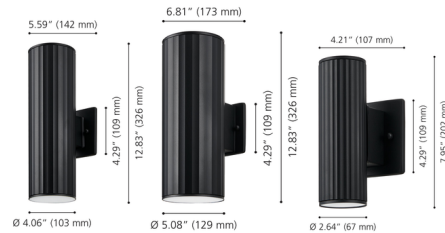

Description

The Portillo Outdoor Dual Wall Light delivers a bold, modern presence with its sleek cylindrical form and ribbed black metal finish. The vertically fluted texture adds depth and subtle visual interest while enhancing its clean silhouette. Designed with dual light sources, it casts both upward and downward illumination to create a striking column of light across exterior surfaces. Engineered with glass end caps to completely seal the unit from the elements, it ensures long-lasting durability while adding a clean, minimalist aesthetic to your entryway, patio, or exterior facade.
