Almoster Multi-Light Pendant

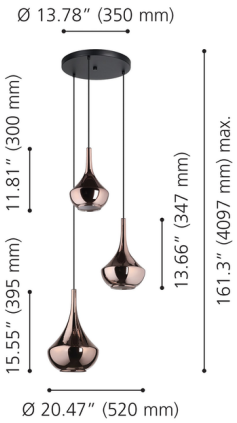

By Eglo

Description

The Almoster Multi-Light Pendant showcases sophisticated material layering in a striking 20-inch round composition featuring three teardrop glass shades suspended in harmony from a black canopy. Each shade is crafted from two separate glass elements held together seamlessly. The outer glass displays a rich copper hue with a mirrored finish that reflects its surroundings when unlit. Once illuminated, the softly frosted inner glass emerges from within, diffusing the light and creating a warm, glowing core inside each form. This fixture is the perfect blend of warmth and modern luxury, making it an ideal focal point for dining rooms, grand entryways, or living spaces.
