Lunaire Wall / Ceiling Sconce

By Fontana Arte

Description

Drawing inspiration from a lunar eclipse, the Lunaire Wall / Ceiling Sconce features a mesmerizing ring of light. To create the effect, a smaller front disc containing the LED is set inside a large concave diffuser. By moving the smaller disc forward or back, the amount of light can be subtly altered. When pulled forward, the light spills into the bowl shade. When pushed back, the light hits the wall, back lighting the entire sconce. Minimal yet impactful, the oversized Lunaire creates the perfect focal point in an entry, dining room, or accent wall.

Shown in white / white

Specifications

COLOR	N/A
