Cameron Color-Select Convertible Pendant By Golden Lighting

Description

The Golden Lighting Cameron Integrated LED Pendant presents a timeless drum silhouette scaled for larger interiors, offering refined elegance and balanced illumination. Suspended by decorative chain detailing, the smooth circular form introduces subtle architectural character while maintaining a composed, classic profile. An etched glass diffuser gently softens the light, producing even, ambient illumination with a warm, welcoming glow. This pendant is ideal for kitchens, dining rooms, foyers, bedrooms, and covered bathroom spaces. Damp-location rated and sloped-ceiling compatible, it is fully adjustable and convertible for pendant or semi-flush installation. Integrated LED technology with selectable 3000K, 4000K, or 5000K color temperatures for customizable, energy-efficient lighting.
