Luminwood Color-Select Pendant

By Golden Lighting

Description

The Golden Lighting Luminwood Integrated LED Pendant transforms illumination into an expressive design statement inspired by nature. Its circular silhouette features a layered clear resin diffuser molded with organic linear impressions that resemble the grain and contours of a natural wood slice. The transparent resin preserves brightness while introducing depth and visual interest. This dry-location pendant is well suited for dining rooms, kitchens, bedrooms, and entryways. Sloped-ceiling compatible and fully adjustable, integrated LED technology with selectable 3000K, 4000K, or 5000K color temperatures for efficient, customizable lighting.

Shown in polished nickel / clear
