Tynell A1967 Counterweight Pendant By Gubi

Description

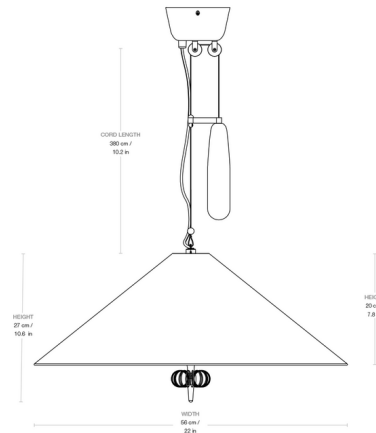

With its refined lines and elegant details, the Tynell A1967 Counterweight Pendant is a classic fixture that helped solidify Paavo Tynell's place as one of the leading designers of the mid-20th century. The A1967 Pendant emits warm, ambient lighting through its conical canvas shade. A fabric diffuser over the bottom of the pendant obscures the light source to reduce glare and adds to the cozy atmosphere, and a brass detail beneath the shade adds an elegant touch to complete the look. The counterweight pulley system, which is finished in brass for a decorative accent, allows the height of the pendant to be easily raised or lowered.
