Tynell A1972 Counterweight Pendant By Gubi

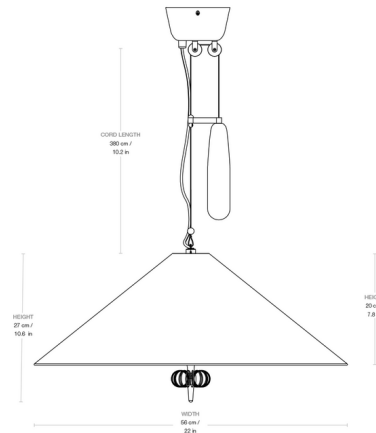

Description

Building upon the design language of Paavo Tynell's 1967 Pendant, the Tynell 1972 Pendant features a conical silhouette made of bamboo slats. The shade is hand-crafted by sewing the bamboo slats into a pleated mat and fastening it to the wire frame with a linen liner in between. A decorative brass detail beneath the shade and a fabric diffuser add a stylish touch and further enhance the pendant's warm expression. The counterweight pulley system allows the height of the pendant to be easily raised or lowered.

Shown in brass / bamboo

Specifications
