Obello Portable Lamp

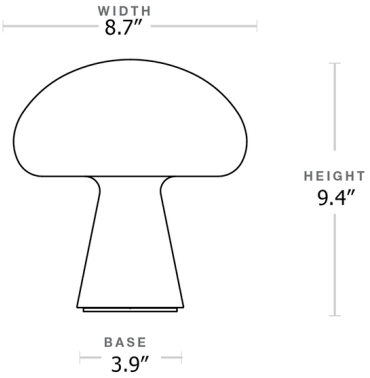

By Gubi

Description

Originally designed by Bill Curry in 1971, the portable Obello Table Lamp draws inspiration from the space age and 70s pop culture with its mushroom-shaped silhouette. This classic design has been updated for modern times with an integrated LED light source and rechargeable battery. The mouth-blown glass shade is available in a variety of pastel colors. A touch dimmer on the lamp's base allows the perfect lighting level to be set to create a cozy atmosphere in any location.
