Stemlite Wall Sconce

By Gubi

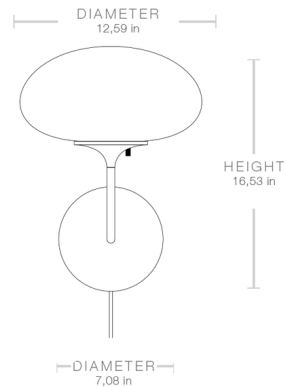

Description

Originally designed by Bill Curry in 1962, the Stemlite lamp series was the first total look lamp, which replaced the traditional base-and-shade design with a single, self-contained unit. The StemliteWall Sconce is Gubi's take on remastering this classic design for the modern era. Featuring an opal glass diffuser atop a slim stem, Stemlite will add a touch of mid-century style to any interior. Rotary dimmer switch located beneath shade.

Shown in black chrome / opal

Specifications
