Highland Mills Table Lamp

By Hudson Valley Lighting

Description

The Highland Mills table lamp celebrates the natural beauty of travertine. The cylindrical base's finely carved linear fluting creates a vertical texture on the surface, adding dimensionality to the smooth stone. A tapered off-white linen shade and Aged Brass hardware contribute to the lamp's neutral palette. Available in two sizes, this elevated accent is well-suited to side tables and consoles. Full range dimmer on socket.Note: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in travertine / off white
