Stony Point Wall Sconce

By Hudson Valley Lighting

Description

The Stony Point Wall Sconce explores the intersection of materiality and form as an elongated opal glass LED appears to float within the recess of a honed gray travertine backplate. As light washes the stone, it highlights the natural variations and veining. Finished in Aged Brass, Stony Point may be mounted vertically or horizontally, making it a versatile addition to modern baths and living spaces. Note: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in aged brass / opal glossy

Specifications
