West Park Wall Sconce

By Hudson Valley Lighting

DAMP

Description

Celebrating artisanal craftsmanship, the West Park Wall Sconce is encrusted in an intricate pattern of natural coco beads. An off-white linen lining tempers the light source, while the open weave allows a warm, ambient glow to permeate a room. The tapered half-cone silhouette may be mounted as an uplight or downlight and is finished with a tightly woven bead trim, creating a tailored edge. The luxurious application of the beading makes West Park a standout. Note: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.
