Zephyr Tiered Chandelier

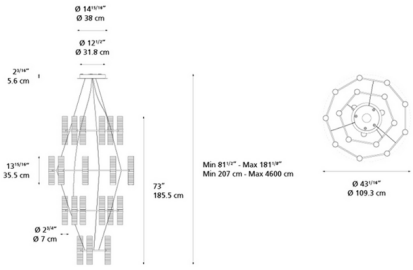

By Artemide

Description

The Zephyr Tiered Chandelier is a minimalist, elegant take on a traditional candle chandelier. Placed around each ring, handblown cylindrical glass diffusers stand in for a set of classic candles. When illuminated by their integrated LED module, the light highlights the opaline diffusing stripes in with an upward and downward glow. This large scale piece is perfect for an entry, stairwell, or any space with tall ceilings.
