## Ceres Pendant By CTO Lighting

### Description

The Ceres Pendant features a circular, honed alabaster diffuser capped with a shallow, contoured metal dome and accented by a horizontal bar for a refined, architectural look. Ceres' bold, sculptural form produces a soft, ethereal glow as light passes from the integrated LEDs through the alabaster. With its streamlined silhouette composed of pure geometric forms, Ceres will elevate any room's decor. Note: Due to the weight of the fixture, additional ceiling support is required. Available with Mounting Plate canopy and remote driver or Ceiling Rose with driver located in canopy.
