Gallery Color-Select Picture Light

By Generation Lighting

Description

The Gallery Color-Select Picture Light pairs a streamlined profile with refined functionality. Its low-profile form integrates a smooth diffuser for even light distribution, while selectable color temperature (2700K/3000K/3500K/4000K/5000K.) adapts to changing environments and artwork needs. Note: Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box.

Shown in brushed nickel / white acrylic
