Bloom 2-Light Table Lamp

By Nova of California

Description

Elegant and sculptural, the Bloom 2-Light Table Lamp by NOVA of California brings a fresh twist to mid-century modern design. Featuring two gracefully arched arms, each topped with a white satin tulip shade, inspired by the delicate structure of underwire fashion, this lamp casts a soft, ambient glow ideal for bedside tables, consoles, or reading nooks. A sleek marble base anchors the composition with weight and luxury, while a built-in dimmer switch allows customizable light control. This lamp reimagines Mervyn Weitz's original 1976 inch inchCloud inch inch concept into a dual-shade statement piece that balances modern sophistication with timeless charm.
