Bloom Accent Table Lamp

By Nova of California

Description

The Bloom Accent Table Lamp is a sculptural celebration of softness and structure. Inspired by designer Mervyn Weitz's 1976 concept derived from underwire fashion design, this lamp reinterprets lingerie aesthetics into ambient lighting. The organically shaped white satin shade is stretched over a steel wire frame, diffusing a gentle glow that adds elegance to any tabletop, console, or nightstand. A sleek metal base delivers sophisticated contrast, making it a modern accent piece that complements both mid-century and contemporary interiors. Includes Inline Dimmer
