Tambo Cylindro Floor Lamp

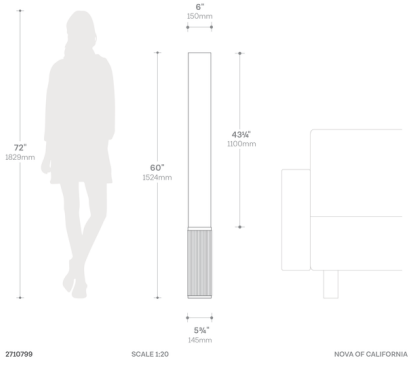

By Nova of California

Description

Sleek, sculptural, and steeped in history, the Tambo Cylindro Accent Floor Lamp from NOVA of California reimagines a classic mid-century material for contemporary interiors. This tall floor lamp features a vertical tambour wood design paired with a frosted acrylic diffuser. Originally conceived by designer Peter Morelli in 1969 - drawing inspiration from the tambour textures of roll-top desks - this refined lighting piece delivers an ambient glow that softens the space with warmth and elegance. A striking addition to living rooms, reading corners, or bedrooms, it stands as both a light source and a modern heirloom. Foot-activated dimming

Shown in satin nickel / black oak / frosted
