Axiom Color-Select Pendant

By Quorum

Description

Fifteen textured ice acrylic diffusers cascade from a round canopy, catching and softening the light at multiple heights. The layered composition creates a striking sense of depth while adding subtle geometric character to the space. With a range of finishes and light configurations available, the Axiom series complements both commercial and residential interiors with refined visual interest. Features color-select technology which allows user to select between 3000K, 3500K, and 4000K color temperature options.

Shown in black / acrylic
