Audacious Highboard

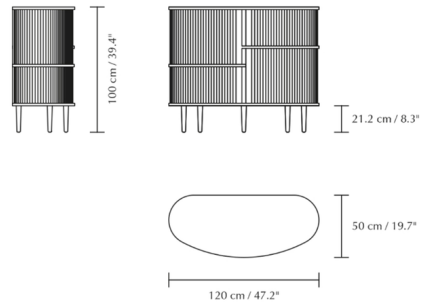

By Umage

Description

The Audacious Highboard is a cabinet ideal for the living room, or anywhere you need storage. The expression is Nordic yet bold, with its sliding fabric tambour doors creating a nostalgic yet modern reference to the interior. The interior of the highboard has two shelves, spacious enough for you to store your tall vases, and fine liquor while also being suitable for plates, ceramics, board games or other living room clutter. Behind the design is the UIMAGE in-house designer, Jonas Sndergaard, who also designed the existing pieces from the Audacious collection.
