Selen Smart Color-Select Ceiling Fan with Light By Visual Comfort Fan

Description

A study in architectural simplicity, the Selen Ceiling Fan with Light by Marie Flanigan is shaped by clean lines and a quiet rhythm that feels at once modern and timeless. Its sculptural blades and integrated light create a balanced presence, never distracting, always enhancing. Offered in a refined palette of finishes, Selen can either stand out as a statement piece or recede gracefully into its surroundings. Damp-rated and smart-enabled, it delivers cooling comfort and illumination with seamless control, making it an ideal companion for serene, contemporary living. Features a color-select switch which allows user to select between 2700K, 3000K, 3500K, 4000K, 5000K and 6500K color temperature options. Includes handheld/wall-mountable remote control. Includes blanking plate to cover light in matching finish.
