Tri Plank Smart Ceiling Fan By Visual Comfort Fan

Description

Peter Bristol's Tri Plank Ceiling Fan expresses movement through a singular architectural gesture. Each of the three blades extends from a central body in one continuous, planar sweep, formed as if from a single surface. The result is a quiet, commanding presence overhead, combining airflow performance with structural simplicity. Tri Plank integrates seamlessly into interiors where geometry and restraint drive the design language. Includes handheld/wall-mountable remote control. Also includes blanking plate to cover light in matching finish.

Shown in midnight black

Specifications

BLADE COLOR	N/A
BODY FINISH	Midnight Black
