Valiant Smart Ceiling Fan

By Visual Comfort Fan

Description

Inspired by the propellers of WWII-era aircraft, the Valiant Ceiling Fan by Chapman & Myers pairs history with high performance. Hand-shaped wooden blades evoke the craftsmanship of vintage planes, while a simplified two-part metal housing updates the look with sleek, contemporary refinement. With smart app control and damp-rated versatility, Valiant is designed to make a statement, both indoors and out, combining sculptural beauty with cutting-edge convenience. Includes handheld remote control.

Shown in burnished brass / washed white oak / washed white oak
