Claude Linear Wall Sconce

By Visual Comfort Signature

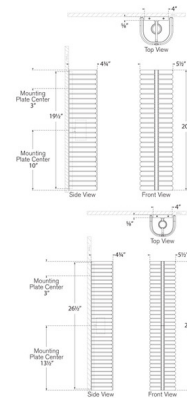

Description

The Claude Linear Wall Sconce draws inspiration from iconic midcentury Italian lighting design. Expertly crafted in Italy using traditional Murano glass techniques, each hand formed piece features a softly ribbed texture elegantly arranged along a brass frame to form a graceful silhouette. The graniglia inner glass, infused with delicate glass chips, softly diffuses the light, casting a warm and luminous glow throughout your space. **Note:** Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box.

Shown in hand-rubbed antique brass / clear graniglia glass
