Altamira Cordless Accent Lamp By Visual Comfort Signature

Description

The Altamira Cordless Accent Lamp takes cues from the bold forms of ancient aqueducts and towers, reimagined with a modern focus on clean architectural lines. Its carved niches create a rhythmic interplay of light and shadow across the surface. Remove cordless light module from lamp and charge using provided USB-C cord. Touch dimmer is on the light module to adjust between high, medium, and low settings. Includes a USB-C to USB-A adapter and charging plug. For best results, fully charge the battery before using. Reactive ceramic glazes will vary in color and texture. No two pieces are identical. Note: Additional accessories of a remote controlled light module and a remote control are available, and sold separately below, to control your light remotely.
