Frederick Pivoting Floor Lamp By Visual Comfort Signature

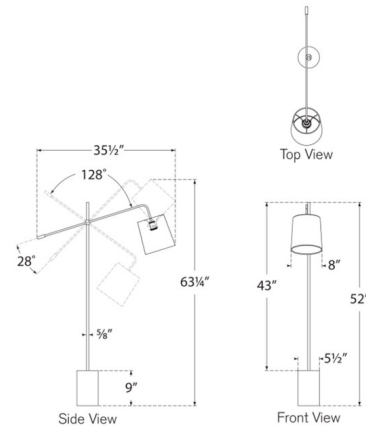

Description

The Frederick Pivoting Floor Lamp brings a refined balance of modern design and timeless sophistication to your interior space. Its cantilevered arm extends elegantly from a slender metal stem, creating a graceful sense of movement and architectural poise. Paired with a softly tailored shade, the design casts a warm, focused glow that adds both comfort and refinement to the room. The arm pivots 128 degrees up and down, making the lamps height from 52 inches to 63.25 inches. Dimmer switch is located on the lamp socket.

Shown in hand-rubbed antique brass / linen
