Aether Atomic 1 inch Round Pinhole Downlight with Trim

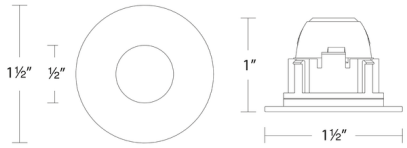

By WAC Lighting

Description

The Aether Atomic 1 Inch Round Pinhole Downlight with Trim delivers surprisingly robust illumination from its small, unobtrusive aperture. In addition to its diminutive size, the Aether Atomic trim is designed to work with the shallow Aether Atomic 1 Inch Housing, making recessed downlighting possible even in tight spaces. Delivers dramatic, lower illumination from a discreet .50 inch aperture. Low glare for good visual comfort. Powder coated stainless steel plate with injection molded polycarbonate internal bevel. Field changeable beam angle with reflectors provided (26 and 32 degree). Delivered lumen output will vary based on the beam angle of the reflector and the color temperature of the housing (see manufacturer spec for full details).. Note: A complete fixture requires a trim, remote power supply, and an Aether Atomic 1 inch housing, sold separately. TRIAC and ELV dimming 100-1% at 120V; 0-10V dimming 100-1% at 277V.

Shown in white

Specifications

REFLECTOR/BAFFLE COLOR	N/A
BODY FINISH	White
WATTAGE	11W
DIMMER	Low Voltage Electronic
DIMENSIONS	1.5"W x 1"H
INTEGRATED LED MODULE	1 x LED/11W/120-277V LED

Technical Information

APERTURE SIZE	0.500"
APERTURE SHAPE	Pinhole
FUNCTION	Downlight
LAMP LIFE	50000 hours
