Sol-Light MR16 GU5.3 Base 8W 24V Static White

By PureEdge Lighting

Description

The Sol-Light Static White LED is a direct replacement for a 24VAC, 50 watt halogen with 36 degree (450 lumens) or 60 degree (642 lumens) beam spread options. Designed for use in 24V track lighting, recessed down lights, and other indoor and outdoor applications. Note: Not for use with recessed fixtures with magnetic transformers. Available in 3000K color temperature. Available in 2700K as a special order (order minimum quantity 100). Phase and power dimmable, percent of flicker less than 1 percent. Compatible with 24VAC LED electronic low voltage (use ELV dimmer also called trailing-edge or reverse phase), and magnetic low voltage (use MLV dimmer also called leading edge or forward phase).
