Altair End Table

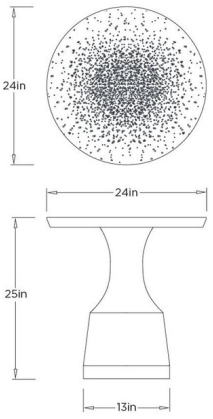

By Arteriors Home

Description

The Altair End Table captures the mystery and beauty of the cosmos through refined craftsmanship and striking design. Its sculptural pedestal base, finished in rich black lacquer, creates a bold contrast to the tabletop's intricate faux eggshell surface. Delicately layered to evoke the sparkle of distant stars, the finish adds depth, texture, and subtle luminosity. Inspired by celestial landscapes, this distinctive piece brings an artful presence and sophisticated character to contemporary living spaces.
